### **EDUCATION**

University of Central Oklahoma (Edmond, OK)

**Bachelor of Sciences** (Expected graduation date: **December 2019**)

Major: **Computer Science**

### **CLASS PROJECTS**

**Software Engineering project:** Designed a game Application named Six Men's Morris (Group project).

- Responsible for designing the user interface for this game
- Discussed the Systems Development Life Cycle (SDLC) process

Project goals and objectives: To practice the requirements elicitation and analysis, project management, and software testing.

#### **Website Design and Development project**

- Designed a complete website for checking in clients to a hotel (Individually assigned project).

Project goals and objectives: To practice interactive front-end web development using scripting languages such as HTML, CSS, JavaScript and jQuery.

#### **Enterprise Programming projects**

- Designing and developing Web Applications (Individually assigned projects)

Project goals and objectives: To practice interactive front and back-end development using ASP.NET Core and C#, HTML, CSS, JavaScript, jQuery, Bootstrap and Angular JS.

### **PERSONAL PROJECT** (In progress)

I'm currently designing my own personal website.

This website is made of 05 different web pages (Home, Resume, Skill Progress, Portfolio and Contact).

The goal of my website is to allow my prospective employer to:

- know about me through my **Home page**;
- look at my resume through my **Resume page**;
- rate my proficiency in a programming language through my **Skill Progress page**;
- look at all my past and current projects through my **Portfolio page**;
- contact me for an interview or for a job offer through my **Contact page**.

### **SKILLS AND INTERESTS**

- ✓ Microsoft Office: Word, excel, PowerPoint (Proficient)
- ✓ Programming: C++, C#, Visual Basic, Java, Object-oriented Programming (Intermediate)
